Mister B Fetch Puppy Harness

## Description

Mister B FETCH Rubber Puppy Harness. Show you're proud to be a pup with this FETCH Rubber Puppy Harness, made by Mister B. Handcrafted in Europe from thick and sturdy plate rubber, this puppy chest harness features a large chest plate with a dog paw appliqué on the front, and a back plate with D-ring on your back, so you can attach a leash and take your pup for a walk.

The 2 mm thick plate rubber is already strong in itself, but Mister B ensured that this harness can handle quite some pulling, by fortifying this harness at almost every thinkable place: eyelets, buckles etcetera: everything is made so it can resist a good level of play. Available in four different colour combinations: red with black, black with yellow, black with neon green, and in a blue metallic with black.

The first mentioned colour is the main colour, the second colour is the

---

colour of the paw and side stripes.

Two sizes, adjustable with buckles: Small / Medium: chest 72-100 cm.

Large / Extra-large: chest 82-112 cm.
